

# TEEN CHAT ABOUT ...

Join the Epilepsy Foundation and FACES (Finding a Cure for Epilepsy and Seizures) for a series of chats for teens with seizures or epilepsy. Teens between the ages of 13 and 17 are encouraged to apply. This private, web-based, text only, chat group is limited to 20 participants. Completed applications will be considered on a first come, first served basis. Accepted participants will receive an email with instructions for joining the chat.

**Teens:** here's a chance to connect with others like you, ask questions, and learn how they manage their seizures with school, friends, sports, and other interests.

*"It's amazing when you talk with other kids who understand what you are talking about. They really get what it's like to have seizures and I don't feel so alone."*

**Parents:** help your teens meet others with seizures and learn effective ways to cope with epilepsy. The first meeting will require your participation in a chat room where epilepsy.com moderators will provide an orientation and demonstrate the technology.

<b>Application Due</b>	Tuesday, October 13	<b>Teen Chat About...</b> All 7:30 to 8:30 p.m. ET	Tuesday, October 27
